CDC Guidance on Helping Child Care and Early Childhood Programs Respond to Influenza during the 2009–2010 Influenza Season

This document provides guidance to help decrease the spread of influenza (flu) among children in early childhood programs and among early childhood providers during the 2009–2010 flu season. The guidance expands upon earlier guidance documents by providing a menu of tools that health officials, Head Start, and other early childhood and child care providers can choose from based on conditions in their area.
